

## **POLAND LAW ON FOUNDATIONS**

### **Article 11**

1. If a foundation engages in an economic activity not envisaged in its statute, a prior amendment of the statute is required.
2. Amendments to the statute of a foundation have to be recorded in the Registry of Foundations. The provisions of Article 9 apply correspondingly.

### **Article 9**

1. The court performs inclusions in the Registry of Foundations upon finding that legal activities serving as the basis for the inclusion were carried out by the authorized person or body and are valid. The ruling to include a foundation in the Registry of Foundations is moreover issued by the court after it finds that the purpose and statute of the foundation are consonant with law.
2. The court notifies the proper minister about the inclusion of a foundation in the registry, that is, the minister proper in view of the scope of his or her activities and the purposes of the foundation, hereinafter referred to as "the proper minister." If the foundation is to be active on the territory of just one voivodship, the court also notifies accordingly the voivode concerned, hereinafter referred to as "the proper voivode," upon transmitting to him a copy of the foundation's statute.
3. If the purposes of the foundation concern the scope of activities of two or more ministers, the court sends a notice that the foundation was included in the Registry of Foundations to the proper minister whose scope of activities relates to the principal purposes of the foundation.
